### **Southeast Region Boasts \$14 Million Project Investment**

JESUP – The Georgia Department of Transportation has awarded a total of \$14.7 million in local projects for resurfacing, bridge construction and to improve safety on southeast Georgia roadways.

State routes in four counties will be resurfaced at a total cost of \$7.9 million. Projects totaling \$4.6 million address safety by upgrading signs and striping in five counties, while a bridge replacement project totals \$2 million.

Projects in southeast Georgia include:

#### Resurfacing

- Bulloch County – 6.5 miles on state Route (SR) 24 from Cone Crescent Road to 5 Chop Road; \$1 million awarded to Reeves Construction Company of Macon.
- Bulloch County – 6.7 miles on SR 67 from Mill Creek Bridge to North College Street; \$3.1 million awarded to Reeves Construction Company of Macon.
- Camden County – 13.3 miles on SR 40 from Charlton County line to US 17/SR 25; \$2.1 million awarded to Plant Improvement Company, Inc. of Brunswick.
- Glynn County – 6.1 miles on SR 520 from US17/SR25 to Jekyll River plus surface treatment and shoulder rehabilitation; \$1.6 million awarded to Plant Improvement Company, Inc. of Atlanta.

**All resurfacing projects are scheduled to be finished by April 30, 2017.**

#### Maintenance

- Brantley, Clinch and Ware counties at various locations – signing and striping upgrades; \$449,539 awarded to Roadside Specialties, LLC. of Blackshear; contract completion date November 30, 2017.
- Camden and Chatham counties – signing upgrades at various locations; \$4.2 million awarded to Ozark Striping Company; contract completion date August 31, 2017.

On the bridge construction side, an over \$2 million investment will replace the existing bridge and approaches over Little Satilla River Overflow on SR 32 in Brantley County. The project was awarded to The Industrial Company (TIC) of Savannah and has a contract completion date of May 31, 2018.

Georgia DOT recently announced plans for an active summer construction season and many of the newly-awarded projects are on that extensive list. Know before you go. For details about summer construction, visit [511ga.org](http://511ga.org).
